

# Pike's Peak Flyer

The Voice of EAA 72

<http://eaa72.org>

July 2012

## Project Tour

Thanks to all who invited us in!

Always a big hit.

After a hearty breakfast, we hit the road visiting hangars last month. A big surprise was being able to see **Mike Cranford's** T-28C. See more photos inside and even more on the website.

## Medical Exemption Request

AOPA and EAA have filed a petition with the FAA to **extend the original 20 day comment period by another 70 days**. They cite the 20 days as not sufficient time for comment and also the plans to have comment forms completed during Air Venture.

To help you with comments, the following have been updated:

- [EAA/AOPA Guide to the Medical Petition](http://www.eaa.org/news/2012/2012-03-29_exemption.pdf) ([http://www.eaa.org/news/2012/2012-03-29\\_exemption.pdf](http://www.eaa.org/news/2012/2012-03-29_exemption.pdf))
- [Frequently asked questions](http://www.eaa.org/govt/FAQ_medical_exemption.pdf) ([http://www.eaa.org/govt/FAQ\\_medical\\_exemption.pdf](http://www.eaa.org/govt/FAQ_medical_exemption.pdf))

Comment here:

## Meeting : IPAD Takes Cockpit By Storm

The Apple iPad and Android Tablets are showing up in all types of aircraft from Light Sport to Commercial Airlines. On the project tour last month you saw some pilots using. Do you have one, should you have one?

Join Don Johanson at our next meeting and be **wow'd by the capabilities of the iPad to enhance your flying and safety.**

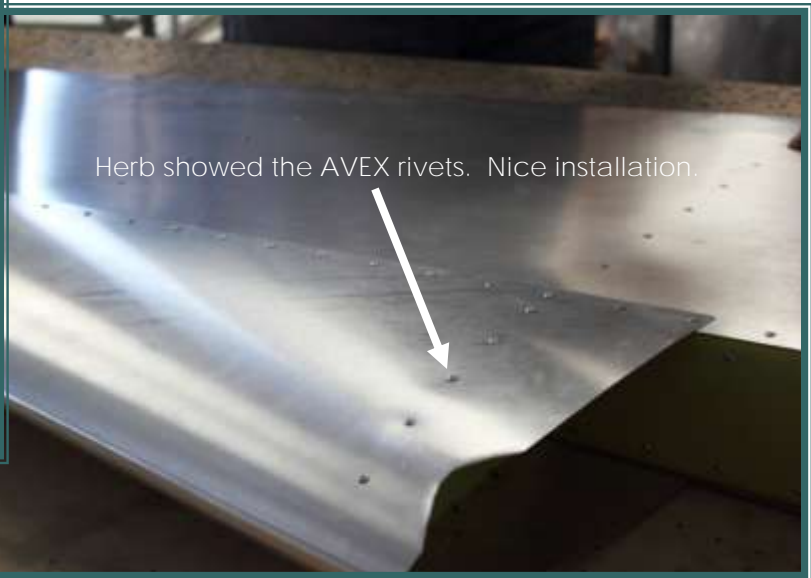

Date: Tuesday, July 17th,

Place: MLLA Hangar—13505 Piper Lane, Peyton, CO

Time: Check-in: 6:30 PM Program: 7:00 PM

# Project Tour - 2012

Lots of discussions and looking at the projects in Burrall Sanders new hangar for Free Flight Composites

Herb Heaton is making great progress on his Zenith 601XL. We also visited **John Read's** 701 in this hangar.

Chris Woodard has made many modifications to his Vari-Eze to increase performance. He shared some of his changes with us. To the right are some of the items he removed or exchanged because they weighed too much.

He continues to modify and winning races.

It was great seeing **Jay Brinkmeyer's** RV-10. He has been sharing his progress along the way. What a beautiful job!

# Project Tour - 2012(cont)

Jeff Moore is flying off the time on his RV-7A since his first flight on April 17th. Looks like he was telling stories below.

Lee Wolford opened his hangar and those of other RV pilots. In addition to seeing his EVO—F1 Rocket, usually seen screaming through the air, we saw Lee's RV and those of Bob McNeese and Bill Wampler (next page above) as well as Loyd Remus and Bob Hall.

More photos of **Mike Cranford's** T-28C. He expects to be flying this summer.

# President's Message

June Meeting / Project Tour— Hope the photos give you an idea of what our members are doing, what projects are here at Meadow Lake Airport, and what wonderful members we have. A big Thank you to this builders/pilots.

- Jay Brinkmeyer
- Mike Cranford
- Burrall Sanders
- Lee Wolford
- Herb Heaton
- Jeff Moore
- John Read

Chapter Fly-out, Saturday, July 14th—Bob Hall has scheduled our next fly-out. The details follow:

The fly-out to Greeley (KGXY) and the Barnstormers Cafe on the airfield for an 8:30 breakfast gathering. After breakfast, a short 20NM flight to Platte Valley Aipark (18V) for a 10AM informal tour ([\\$5 admission](#)) of the [Vintage Aero Flying Museum](#). Return to KFLY at your leisure. If you have and extra seat or two or are looking for a ride, contact [Bob Hall](#).

Takeoff Time: As required, to arrive KGXY by 08:30 AM  
 Route: Your own navigation. ([One possible route @ 115ktas, 8gph, below 8,000msl](#))

Next Meeting—Even pilots who already use an iPad were impressed by the aviation capabilities that Don Johanson was showing them during the AEFSCO Summer Event, so we thought you would all enjoy seeing that too. There **won't be anything happening on Saturday, so just a meeting** this month.

Waldo Canyon Fire—Our thoughts are with all who lost or had damage to their homes during the fire. Many will have a long recovery period. I trust that if you were impacted and you need help, you know you can call on chapter members.

Where are the Martins—We are in the northwest, Washington. We have our cell phones and email so, if you need to contact Richard or me, feel free to do so. Burrall Sanders and Jerry Bechtold are here and the boys will be at the Arlington fly-in.

We'll see you in August.  
 Sandy

# AEFCO

AEFCO had a great summer event this year. Even though the high temperatures resulted in a cancellation of YE flights some days; our pilots add 70 to our goal count of 250. Thank all of the YE pilots.

### About Our Chapter

EAA Chapter 72 meets at Meadow Lake Airport. **Meetings start at 6:30 PM on the 3rd Tuesday of each month** with a Chapter cookout the following Saturday most of the warm months April—November. Look for the calendar of events to highlight special chapter events like Young Eagle Rallies, fly-outs, and all other chapter sponsored activities.

The Chapter Newsletter is published monthly, normally mailed and available on the website a few days before each meeting. Readers are encouraged to contribute articles, photos, etc. by submitting them to the Newsletter Editor in hard copy — email, pen/paper, as long as it's not verbal—by the first Saturday of each month.

**Annual membership is \$20. Send to Sandy Martin, at 7505 Mallard Drive, Peyton, CO 80831 and start receiving the newsletter each month, attending the meetings and having a great time with sport aviation.**
