EAA Chapter 72 Open House at Meadow Lake Airport

Wiley Jinkins T-34

Jerry Limoge with his classic Corvette and T-Bird

Tom Shook

Tracy Tomlinson

RV's: Brad Henry, Loyd Remus / Lee Wolford's Rocket in the background

The fog was hanging in and the breeze was cool as the morning broke for the Open House. The schedule for the Parade of Flights was in jeopardy of delay. But in the end, it turned out to be a successful day. Crowds were low but a combination of weather, the holiday, and limited advertising were tagged as the reasons. Lessons learned were discussed and will be used to increase success of future events.

We couldn't have asked for a better turnout of planes on static display or for those flying. In fact, some people commented that they came over because they saw Tom Shook flying the Ag Cat. Burrall Sanders, *Free Flight Composites*, and Traci Tomlinson, *Fly Colorado Ultralights*, received lots of visitors at their displays. Jerry Limoge and Dave Elliott brought over classic cars which were a real draw.

Inside are photos of some of the work that had to be done in preparation for this event.

Thanks to everyone who worked so hard to make this a success!

Happy Birthday Larry Dale...and many more!

Larry and Richard Martin

Larry's daughter Nancy standing

Larry gets a secret handshake!

Larry's 90th was marked with a surprise visit from his grandson Ryan, delicious cake and ice cream, and lots of cards both in the mail and at the party.

Hank recalled a time when Larry came to his hangar and said, "Hank, I've done a very bad thing." Knowing Larry, Hank couldn't imagine what that bad thing could possibly be. But some of you might relate as Larry then told Hank, "I bought another airplane."

The WWII veterans (photos below), **Larry, John Galbraith, Bruce McCombs, and Frank Macon**, shared some of their experiences both during the war and coming home. (Colleen Galbraith pictured with Frank)

Next Meeting : Tuesday, June 17th

PROJECT TOUR: You know what that means....we walk around the airport and visit hangars to see what folks are working on. We'll meet at the **MLAA Hangar at 6:00 PM**. Brian Christian will have the itinerary and map of where we're going. Please plan to come early so we can leave on time or you know the drill, you'll just catch up. **Also, let Brian know if you want to be added to the tour.**

PILOTS WANTED

Aviation Research Project

Funded by the Defense Advanced Research Projects Agency [DARPA]

Participants will be asked to:

1. Be available for two separate simulator sessions.
2. Consent to neurophysiological monitoring (e.g., heart rate, respiration, facial expression analysis).
3. Take an online course of approximately one-hour. [Some participants]

All DoD participants must follow their command policies to obtain permission if participating in the research while on duty.

Qualifications:

1. You must be at least 18 years of age.
2. You cannot be pregnant.
3. You must hold at least an FAA student pilot certificate endorsed for solo **or** have soloed an airplane in a USAF Academy airmanship program.
4. You must have made at least three takeoffs and landings within the previous 90 days of your scheduled simulator session.

If interested please email:

pilots@aerworthy.com

Deonna Neal, PhD

President's Message

I think that over all we had a great day at the "EAA Chapter 72 Open House at Meadow Lake Airport, Falcon, CO". The weather kind of slowed us down in the AM but by 10:30 there were planes in the air.

us know so we can plan to come by your hanger. It will be on our regular meeting night (June 17th) but we want to start at 6:00 PM so we will have time to get around to all. Meet at the Hanger and we will caravan from there.

There has been a lot of enthusiasm about the Hanger Sale which is now slated for August 16th. The is a great opportunity to get rid of some treasures that have been gathering dust in your hanger for a long time and also a chance to find some new treasures. This could be a lot of fun for all so it's not to early to get started by doing a little (early summer) house cleaning.

Thanks to all that helped with this event. You all did a great job. I think that the only failure of the day was the lack of publicity which would have led to a larger crowd but it was still a great day.

See Ya

Jim Steward

This month is our project tour and so if you want to show off your project and let the chapter members know what you have been up to – let

Lots of work by getting ready for the Open House—new sign for Hwy 24 put up by Brian Christian and Brad Henry; Richard Martin did the mowing and worked with Bob Hall and Vann Norred on building trim. The AEFKO kids did a great job cleaning up the hangar.

Then, just last weekend, Chris Sedgwick, Richard Martin, and Scott Bengner repaired the external stairs on the back of the building. Thanks for a great job!

Welcome KFly Coffee!

Look for Candace in the Lance Truck Camper next to Springs Aviation for your breakfast and lunch items.

Thank you for supporting these EAA Chapter 72 members!

About Our Chapter

EAA Chapter 72 meets at Meadow Lake Airport. **Meetings start at 6:30 PM on the 3rd Tuesday of each month** with a Chapter cookout the following Saturday most of the warm months April—November. Look for the calendar of events to highlight special chapter events like Young Eagle Rallies, fly-outs, and all other chapter sponsored activities.

The Chapter Newsletter is published monthly, normally mailed and available on the website a few days before each meeting. Readers are encouraged to contribute articles, photos, etc. by submitting them to the Newsletter Editor in hard copy — email, pen/paper, as long as it's not verbal—by the first Saturday of each month.

Annual membership is \$20. Send to Sandy Martin, at 7505 Mallard Drive, Peyton, CO 80831 and start receiving the newsletter each month, attending the meetings and having a great time with sport aviation.
